

Little Einsteins

Welcome

Little Einsteins Spanish School welcomes you!

Thank you for your consideration to become part of the Little Einsteins family! Oscar and Donna Amador founded Little Einsteins in 2008 as a loving in-home childcare. Our goal was to grow a loving and safe environment for our students to learn. Over the years, we have been blessed and fortunate to grow into an established Spanish Immersion School. Our preschool is unique and our staff and leadership are committed to providing our students the utmost value for their educational years. We are in constant prayer and thankfulness at God's grace for our program, families, and school. We know God's hand is upon our school and our student's lives!

Little Einsteins educational philosophies have always been centered around individuality and creative learning. It is our goal to give your child the best early educational years that we can. There is such an importance of early childhood development; 90% of a child's brain develops by Age 5. The emotional, social and physical development of young children has a direct effect on their overall development and on the adult they will become. That is why understanding the need to invest in very young children is so important, so as to maximize their future well-being.

We give back because it teaches us to find compassion within ourselves and to stay attached to values that are linked to the common good. We encourage compassion and promote kindness within our school. This begins in our classrooms by setting guidelines to learn from and to support our peers. This extends into our community, where we strive to make an impact, to give to those in need, and to make a difference in the lives of others. We strongly believe that goodness begins when we make it our reality. We have several charitable organizations that we partner with and contribute to.

Our hope is to really engage our students in a full understanding of who they are, what they can become, and why their purpose is so meaningful. This process always begins and ends with LOVE!

We invite the world, its people, diversity, curiosity, growth, and love into our classrooms. We would be honored of having the privilege of serving your family and providing an education to your Little Einsteins!

Blessings to you & your family!
